

Madame C.

Giuseppe Viganò

Elemento estetico predominante è il bracciolo, costituito da un cuscino piegato su se stesso nella particolare forma a L rivolta verso l'esterno. I cuscini dello schienale appoggiati alla seduta sono leggermente inclinati per il massimo comfort. La base a slitta in metallo completa l'immagine contemporanea del divano. La collezione Madame C. è composta da divani, divani angolari, chaise longue e pouf, con cui creare numerose combinazioni.
